
Company: Jitasa Technology Solutions

Job Title: Senior Scrum Master

Salary Range: - \$95-100K

Location: Location is Richmond, VA

Employment Status: Full Time

Job Description:

K12 Enterprises, a wholly owned subsidiary of Jitasa, is looking to hire a Senior Scrum Master in Richmond, VA. The Senior Scrum Master will own the Scrum process and ensure that the teams are following the Scrum process. The Senior Scrum Master will be responsible for the Scrum Master duties for his/her own team, as well as ensure consistency and best practices in Scrum, Agile and Software Development across all the Scrum teams. Responsible for mentoring / coaching other Scrum Masters. Team members are distributed in MD, VA, ID, Serbia and Thailand.

Required Skills:

- 5+ years Scrum, Agile, Lean, Kanban, incremental delivery experience
- 7+ years of software engineering (SDLC) experience
- Ability to manage multiple teams and product roadmaps
- Agile Project Management Skills
- Experience with software development and product ship cycles especially Scrum and agile development techniques
- Release planning and tracking experience
- Ability to recognize and perform timely impediment recognition and escalation
- Strong knowledge of dashboards, reporting and agile tools such as Jira, Version One, Rally, etc.
- Experience in Agile using Test Driven Development, Automated Testing, and Continuous Integration Environments
- Ensuring the Product Owner knows how to arrange the Product Backlog to maximize value and teach techniques for effective Product backlog management
- Experience in coaching teams and standing up a Scrum program

Desired Skills:

- CSP certified by the Scrum Alliance
- Experience with MS Dynamics NAV
- Experience with Financial and Accounting, specifically Academics or Non Profits

Travel: Must be willing and able to travel.
